

*Lord of life I thank You
For my Grandparents.*

*Thank you because they are near to me,
they encourage me to give my best
and with their wisdom
they often give me the gems of wisdom
that comes only with years.*

*Thank you for their essential role in our
day-to-day family life.*

*I am grateful for the way they listen
to my problems and worries.*

*I am grateful for the way they share
with me, through their example,
the most important values in life.*

*Lord, grant them the gift of serenity
as they grow older,*

*I pray that I may never lack
their thoughtfulness and faith.*

Amen
